1. Who can see the moment nearing/approaching? Encroaching not on other's enactments but radically altering some. I love you. Who can see/be the real me, reality being? I love you.

2. Into me see/seen and bringing others profusely not; yea **telling, showing, charting, documenting and making explorers/disciples by the** hundred, not; **thousand**, plural singulars that mine are, being one. I love you.

3. Who can see me unfolding/unfolded and who can know definitively/definitely what that means, what that looks like and what now meaneth this for the population general? I love you. **One leading many into onehood/oneship that generals** require, not; but **surrender to, in leading, to lead, to lead.** I love you.

4. See what I have said, am saying, showing the world many who want me have, do, desperately not; yea and more so. I love you all.

5. Into me oneship/armship/**deliverership, becoming deliverers** of strong arm tactics not but **bowing surrenderers that lead, bless, deliver; reveal oneship/onehood, surrenderland in/being in, once seen/known.** I love you, all.

6. This is the moment, state of emergency for some, none not. Watch me.

7. Into the/this moment many now come/see for throughout life waited for, introspectively introspectioning and questioning and demanding **answertudes** never coming forth, that never came forth, **that now appear** in hearing, seeing, and flesh tones of me/not flesh; my orientation not, **my me's exactly**. In seeing/knowing, know/see they are not ruled out/excluded nor obeisance become, but freedom entering bringeth forth/begets freedom; *that taking others freedom in, answers many questions/demands,* most all dissolving, resolving into me/mehood/meship, onehood; all'land becoming/residing in. I love you. Me. Into me see the moment nowhood and pinpoint,d me'd. I rise/arise. I love you all.

8. See, miss not what I have given, what I give in each message/answertude, many containing much/many entry points. I love you all. Forever now. Me. I love you.
